After School Care Program

Any preschool-8th grade student currently enrolled at QAMS may use the After School Care Program, which is available from 3:00-6:00 p.m. on regularly-scheduled school days. Students have time for homework, free play, and outdoor activities.

Parents may sign up for the program according to their personal schedules. For example, one family may sign up for five “slots” per week (Monday through Friday). Another family may sign up for slots on Tuesdays and Thursdays only. Preferential enrollment will be given to those using the program most often. **When open slots remain, QAMS families may use these on a per-diem basis, with same-day notification to our office.**
